

# Handout 4: Thought Partner Activity

With a thought partner, discuss your data collection/reporting issues. In response to each question listed below, share the information with your partner. You can record your partner's feedback on the page that follows.

## Share the following with your thought partner:

1. Data collection/reporting question:

---

---

2. What I know about the issue (misunderstanding policy, reporting errors, breakdown in communication, etc.)

---

---

---

3. Possible reasons for the issue, and solutions I have considered:

---

---

---

4. Questions I would like my thought partner to address with me:

---

---

---

**Feedback from my thought partner:**

Questions my thought partner asked me in order to push my thinking further to address my issue, and what I am now considering based on those questions:

---

---

---

---

---

Solutions my thought partner suggested:

---

---

---

---

---

Examples of successful approaches my thought partner has used to address this issue:

---

---

---
