

2024 NRS Targeted Workshop: Hexagon Tool Handout

Program/Strategy/Initiative Questions

Criteria	Question(s)	Answer(s)
 Evidence	<ul style="list-style-type: none"> In what ways is the initiative based on good science? 	
	<ul style="list-style-type: none"> In what ways does it appear to impact key population groups? 	
	<ul style="list-style-type: none"> In what ways does it aid program completion? 	
	<ul style="list-style-type: none"> How will you know the outcomes are big enough to be "worth it" to try the initiative? 	

Criteria	Question(s)	Answer(s)
 Supports	<ul style="list-style-type: none"> In what ways do local providers have enough staffing to implement this initiative? 	
	<ul style="list-style-type: none"> What resources do you have to train staff on how to implement the initiative? 	
	<ul style="list-style-type: none"> What data infrastructure do you have in place to measure results? 	
 Usability	<ul style="list-style-type: none"> In what ways has the initiative been used in different settings with positive results? 	
	<ul style="list-style-type: none"> In what ways is the initiative clearly defined (e.g., what it is, for whom it is intended)? 	
	<ul style="list-style-type: none"> In what ways is each core feature well operationalized (e.g., staff know what to do and say, how to prepare, how to assess progress)? 	

Criteria	Question(s)	Answer(s)
 <p>Need</p>	<ul style="list-style-type: none"> Who is the identified focus population? 	
	<ul style="list-style-type: none"> Does the initiative address a gap? 	
	<ul style="list-style-type: none"> Is there data to show that this initiative can address the need? 	
	<ul style="list-style-type: none"> If implemented, what can potentially change for this population? 	
 <p>Fit</p>	<ul style="list-style-type: none"> How does the new initiative fit within your current work scope and alongside other initiatives? 	
	<ul style="list-style-type: none"> How would it fit with community values, including the values of culturally and linguistically specific populations? 	
 <p>Capacity</p>	<ul style="list-style-type: none"> Can we cover initiative costs? 	
	<ul style="list-style-type: none"> Can we collect and use data for ongoing monitoring and improvement?
